Request to Change a Negative PASRR Level 1 (PL1)

Is this submission a request to change a negative PL1 to a positive PL1? ☐ Yes ☐ No

If Yes, complete and submit the form. If No, do not submit the form.

Notes:

- This form will not be accepted if not complete. You are **required** to include supporting documentation for the change request.
- This form is to be used only when a nursing facility believes that a Preadmission Screening and Resident Review (PASRR) Level 1 (PL1) was submitted in error and is requesting to change the status from negative to positive.
- The Intellectual and Developmental Disability (IDD) PASRR Unit will review the form and supporting documents, make a determination and fax the form back to the nursing facility.
- If the request is **approved**, the nursing facility will enter a new positive PL1.
- When completed, fax this form to: IDD PASRR Unit, 512-438-2180.

Enhancement to LTC Online Portal to Correct PASRR

☐ **Enhancement to LTC Online Portal to Correct PASRR – PL1 Submission Error Effective June 23, 2017**

- An issue has been identified with Nursing Facility (NF) and Local Authority (LA) providers submitting a negative Preadmission Screening and Resident Review (PASRR) Level 1 Screening (PL1) on the Long Term Care (LTC) Online Portal after a previously submitted PASRR Evaluation (PE) has already indicated positive PASRR eligibility for the same person. When this occurs, it causes an interruption to the delivery of specialized services to individuals from Nursing Facilities, Local Intellectual and Developmental Disability Authorities (LIDDAs) and/or Local Mental Health Authorities (LMHAs). Claims submission by providers and access to transition slots for the individual are also impacted.
- Beginning June 23, 2017, an enhancement to the LTC Online Portal will display an error message and will halt the submission of a PL1 which does not include PASRR condition(s) identified on a latest PE. The error message will state the PASRR condition of the latest PE and will allow the submitter to update the PL1 and resubmit. This will occur with all scenarios including Change of Ownership (CHOW) and transfers.
- This enhancement will allow the NF, LIDDA and/or LMHA to provide uninterrupted specialized services to the individual.
- For more information, call the LTC Help Desk at 1-800-626-4117.

Enhancement to LTC Online Portal to Correct PASRR – PL1 Submission Error Effective June 23, 2017

An issue has been identified with Nursing Facility (NF) and Local Authority (LA) providers submitting a negative Preadmission Screening and Resident Review (PASRR) Level 1 Screening (PL1) on the Long Term Care (LTC) Online Portal after a previously submitted PASRR Evaluation (PE) has already indicated positive PASRR eligibility for the same person. When this occurs, it causes an interruption to the delivery of specialized services to individuals from Nursing Facilities, Local Intellectual and Developmental Disability Authorities (LIDDAs) and/or Local Mental Health Authorities (LMHAs). Claims submission by providers and access to transition slots for the individual are also impacted.

Beginning June 23, 2017, an enhancement to the LTC Online Portal will halt the submission of a PL1 which does not include PASRR condition(s) identified on a latest PE by displaying an error message. The error message will state the PASRR condition of the latest PE and will allow the submitter to update the PL1 and resubmit. This will occur with all scenarios including Change of Ownership (CHOW) and transfers.

This enhancement will allow the NF, LIDDA and/or LMHA to provide uninterrupted specialized services to the individual.
